

Step by Step Instructions

Download PrimoPDF

NOTE: You do not need to do this tutorial if you have Mac or if you have the ability to create a PDF in your version of Microsoft Word (PC).

1. Go to <http://www.PrimoPDF.com>. Click on the button in the left column to start downloading the free version of PrimoPDF.

2. You will be taken to a download page. Click on the green link that says “Download Now” to start your download.

The screenshot shows the CNET Download.com website. The header includes the CNET logo and navigation links: Home, Reviews, News, Downloads, and Video. Below the header, there are category links: Windows Software, Mac Software, and Mobile Apps. The main content area displays the breadcrumb path: Home > Windows Software > Graphic Design Software > PDF Software > PrimoPDF. A green heading reads "Welcome PrimoPDF users". Below this, a message states: "To complete your download, click on the link below:". A large dark grey button with a green arrow icon and the text "Download Now (7.2MB)" is prominently displayed. A red arrow points from a white callout box with the text "Click the green link to start your download" to the "Download Now" button. Below the button, there is a "TESTED SPYWARE FREE" badge and a small information icon. To the right of the button, it says "An authorized CNET download." with the CNET logo. At the bottom, product details are listed: "Product Ranking: #1 in", "Version: 5.1.0.2", "Total Downloads: 22,000,000", and "Downloads last week: 92,773".

Home > Windows Software > Graphic Design Software > PDF Software > PrimoPDF

Welcome PrimoPDF users

To complete your download, click on the link below:

Download Now (7.2MB)

Click the green link to start your download

3. If you see an alert box asking you to confirm the download, click on “Save”

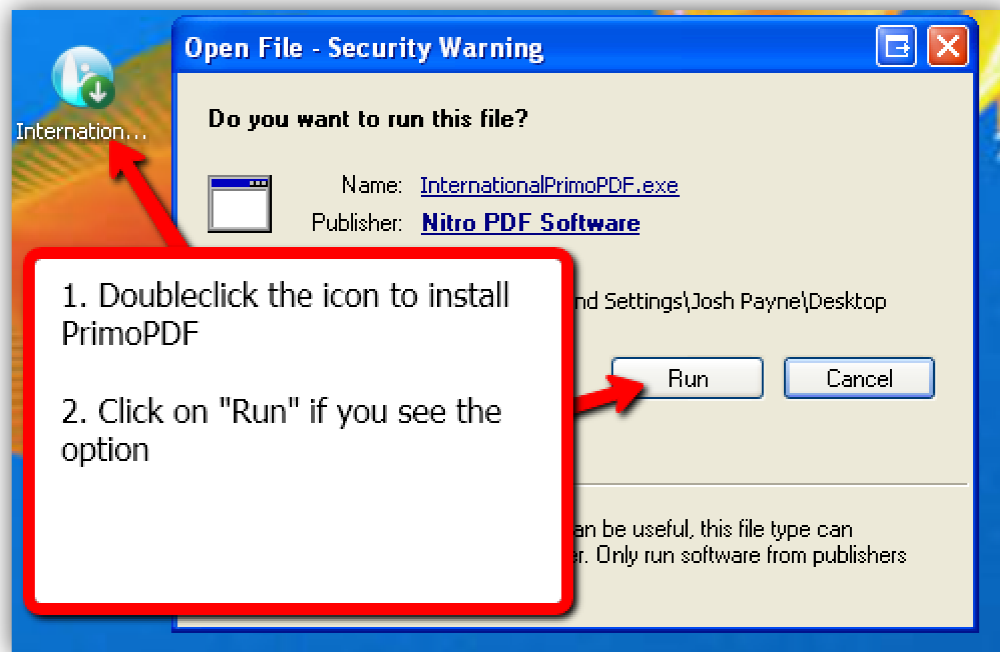

4. Your computer may automatically save the file (to your desktop or to your downloads folder). If your computer saved it automatically, you can skip this step.

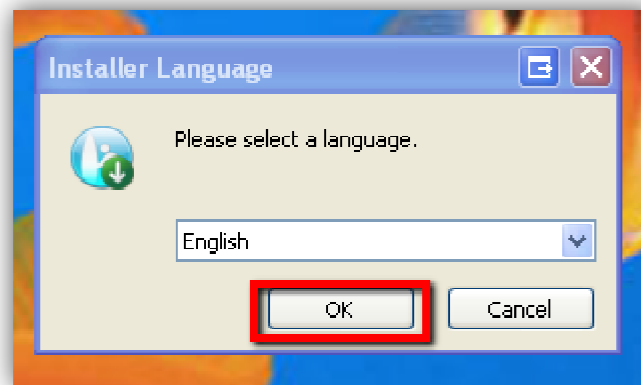

If you see a window similar to the screenshot below, choose where you want to save the file and click “Save”.

5. Now go to wherever you saved the file (probably your desktop or your downloads folder). Double click on the PrimoPDF icon to install the file. If you see a prompt that asks if you want to run the file, please click on “Run”.

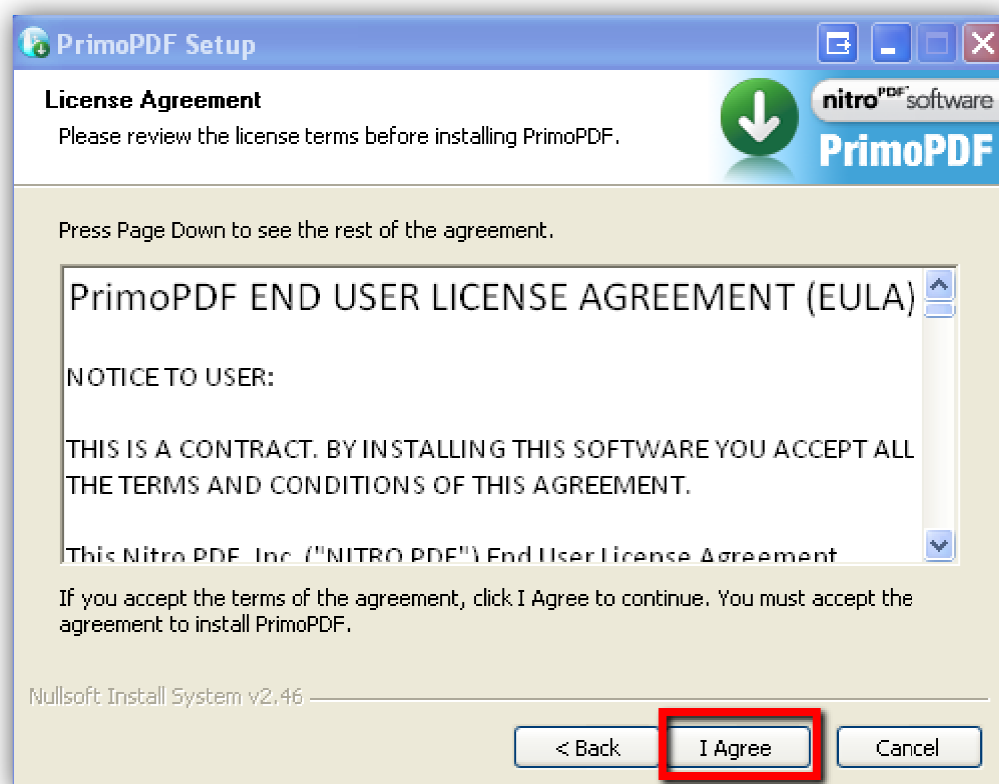

6. Choose the language you want to install it in.

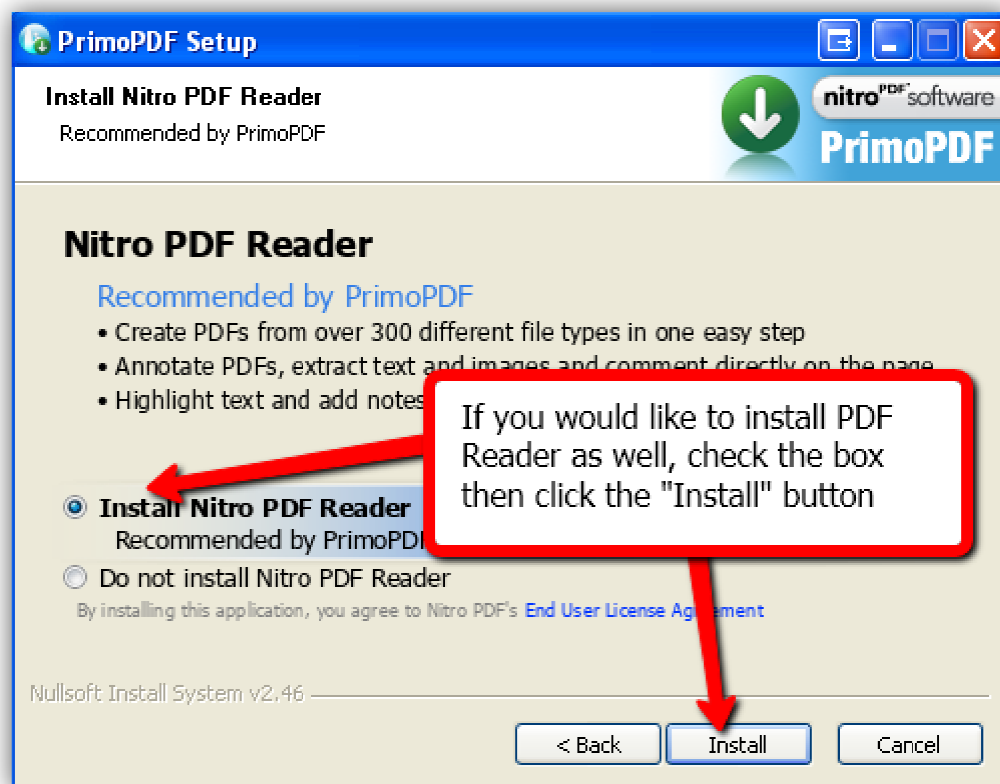

Click the "Next" button

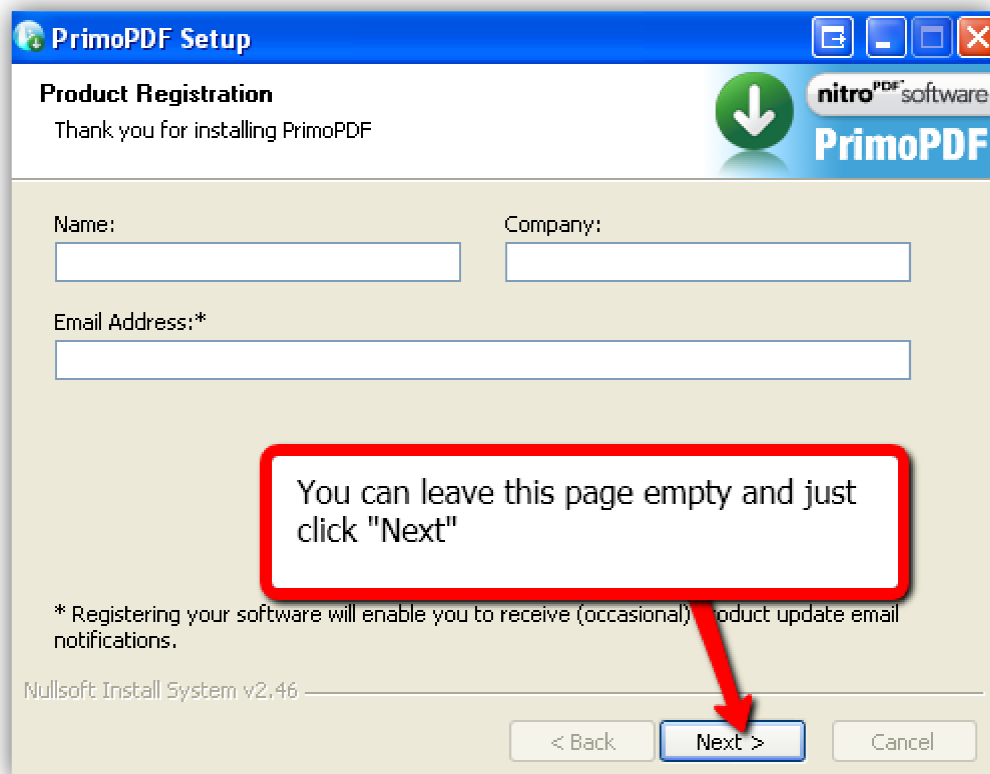

7. Click “I Agree” to agree to the terms and conditions.

8. Click the option to install Nitro PDF Reader as well, then click the install button.

9. Registration is optional. You can ignore this and click the “Next” button to go to the next screen.

The image shows a Windows-style window titled "PrimoPDF Setup". The window has a blue header bar with the title and standard window controls. Below the header, the text "Product Registration" is displayed, followed by "Thank you for installing PrimoPDF". In the top right corner, there is a logo for "nitroPDF software" and "PrimoPDF". The main area of the window contains three input fields: "Name:", "Company:", and "Email Address:*". A red-bordered box with the text "You can leave this page empty and just click 'Next'" is overlaid on the form. A red arrow points from this box to the "Next >" button at the bottom right. At the bottom left, there is a small note: "* Registering your software will enable you to receive (occasional) product update email notifications." and the text "Nullsoft Install System v2.46".
